RE:

I am honored to write you (title & name) with a request so important and dear to me and so many of your constituents... Please let me explain. As of January, 2025 we are over 25 MILLION members strong and determined to change and end animal cruelty in our country... having been brought together by "The Prevention of Cruelty to Animals Charity" – POATS.org A registered (501)(c)(3) in NY State since 2017 and located in New York, NY.

The founder, Charlie Currin, a retired lifelong musician and animal advocate, spent the pandemic posting on thousands of social media pages explaining our mission and how we humans, together, can change animal cruelty in our country. And we Americans have responded with such heart felt enthusiasm and verve... Entire families, young professionals, seniors, entire schools, colleges, churches, synagogues and mosques, retirees, bridge clubs, bingo groups, nursing homes, rock bands, celebrities, ETC !!!... Millions of Americans sick and tired and fed up with what is happening to our beloved animals. Millions and millions of us Americans !!!

As you are well aware, it is a very difficult time in our country and world... and the old saying is more true than ever... "Choose your battles wisely." And 25+ million of us have done exactly that and chosen our battle: United to end animal cruelty. Not just some, ALL !!!

I hope you agree that we can no longer turn a blind eye to the horrendous abuse, suffering, and cruelty to these beautiful, innocent creatures.

The euthanasia of thousands of dogs EVERY HOUR because of unregulated puppy mills, illegal breeders, lack of affordable spay and neuter accessibility, lack of laws and no oversight, etc. Perfectly healthy, innocent, loving dogs of all ages and breeds murdered because they have nowhere to go. (The recent great news of New York's Governor, Kathy Hochul, banning all puppy mills within a year and it has just started !!!)

The horrendous treatment of animals in Factory Farming with 25 MILLION killed and slaughtered DAILY, along with 125 MILLION aquatic animals DAILY... A total of 150 MILLION ANIMALS KILLED DAILY for food in the USA. We understand some people are not going to stop eating meat, but the animals cannot continue the horrendous treatment from birth to death in these places... They can be raised and killed humanely. This must be done.

The horrific treatment of animals in Animal Experimentation Laboratories. 110 MILLION killed every year and this practice now deemed totally unnecessary with modern technology. It is another example of outrageous cruelty. Please read the article on the Blog Page.

100+ MILLION Feral cats in colonies multiplying out of control...

70 MILLION stray animals living on their own in horrendous conditions...

80,000 horses a year trucked and flown - shipped from the US to Mexico and China slaughtered for human consumption.

And the list goes on and on... On and on... as we have stood silent... but no longer... We are giving voice to this outrageous cruelty...

How sad and deplorable is it that the United States of America ranks at the bottom of the 195 countries in the world for its horrendous treatment of animals?!? Absolutely atrocious and appalling.

Mr. Currin's quote for Factory Farm Animals, Laboratory Experimentation Animals, Puppy Mill Dogs, Cat Colonies, Stray Animals, etc.

***"They are born into cruelty, they live their entire lives in cruelty, and they die in cruelty... and while some people turn a blind eye to their suffering, many more of us humans will not... and join together to end it..." Charlie Currin – 2018 – NYC***

We caused it, we've allowed it, and we, together, can fix it. I faithfully believe this.

I am asking you to support our cause and convince your supporters and colleagues to do the same... and join us. ***If you cannot or will not support our mission, we will join together to vote in someone who will.*** Only TOGETHER can we ensure this happens.

Please visit our website and learn what needs to be done first and how we can achieve this starting now... We all will be watching and reading with great interest how humane animal laws are being introduced and passed, how laws that allow any animal cruelty and suffering are changed and voted out, and new protections added...

I look forward to hearing back from you and thank you for your time and support... and thank you for your service to our country. Wishing you and your family safety and good health during this unprecedented time in our world.

Thank you for your time and consideration of our important mission.

Sincerely,
